

The EL-U70 series electromechanical mortise lock ideal for a wide range of applications and available with various monitoring functions.

The lock can be operated by push buttons, intercom systems and key switches or integrated with electronic access control systems for use with higher security devices such as keypads or card readers.

Designed with flexibility in mind, the one lock can cover all functions and is easily configured on site for the required application.

## Specification

Voltage	12VDC operating voltage
Current	600mA
Monitoring	Key override
	Latch bolt
	Auxiliary latch
Fail secure/Fail safe	
Environment	Operational temperature range -20°C to +60°C
Backset	70mm
Distance	92mm
Latch bolt	Stainless Steel304, projection 19mm
Door thickness	Standard applications 35 to 64mm
Door Clearance	3-6.5mm
None handed	
Cylinder	Standard round shaped cylinders
Furniture	Compatible with door furniture
Standard Finishes	Satin finish

## Optional Accessories

**EL-CMH8803**

Solid lever handle

**EL-ACY286**

Cylinder 28.6mm length

**EL-CR2**

Cylinder ring

**Model: EL-U70TDS**

With full set accessories
