- **ENERGY-EFFICIENT LIGHTING** - Less power consumption than traditional bulbs, making it a cost-effective and environmentally friendly lighting solution for your garage.
- **RF REMOTE CONTROL SIGNAL BOOSTER**- This is used to extend the effective distance of remote controller

Technical Specifications

Model	FD-06
Material	ABS
Working Voltage	12-265V AC/DC
Color	Orange
Loading Capacity	1.5W
Flashing Frequency	1Hz
Working Tempera	-20°C~+60°C
Installation Method	Vertical/horizontal
Ingress Protection rating	IP54
Weight	156g
Dimensions	88*27*99mm
